It is seldom that the island looms up in the justice shops with a neighborhood quarrel, but the Garden Spot produced one yesterday. O. V. Burke alleged in Squire Rogers' court that Jennifer Griffith threatened to do bodily harm to his wife, and he asked for a peace bond. The defendant waived a hearing and then swore out similar warrants for Burke and Stella Davis. The latter cases will be heard this afternoon.

O. P. Mason, of this city, is the only candidate for county recorder who will go into the convention to-day with fifteen delegates pledged to him. MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

The twenty-fifth (silver) anniversary of the home and foreign missionary societies of the St. Clairsville presbytery will be held at the First Presbyterian church in this city two days, commencing this afternoon. About 200 delegates are expected, a number of whom arrived last evening. This will be one of the largest meetings of the missionary societies ever held in this county. All arrangements have been completed for the entertainment of the delegates while in the city. Two sessions will be held to-day, afternoon and evening, and three to-morrow, morning, afternoon and evening. The morning session will commence at nine o'clock, the afternoon session at 1:30, and the evening session at 7:30 o'clock.

As stated in the Intelligence a few days since, that the senior class of the high school was endeavoring to secure the Presbyterian church in which to hold their commencement exercises. It now looks as though their attempts would be crowned with a failure. A committee appointed at a meeting of the class to wait on the trustees of the church have not as yet met that body as a whole, but have spoken to some of them individually, and the general impression given out by those interviewed is that they do not desire to turn the building over to public performances, that it was erected for the worship of God and only for that purpose will it be used. It is quite likely that they will have to resort to the opera house.

The packers at the West Virginia plant of the National Glass Company went out on a strike yesterday morning. Saturday they asked the management of the plant for an increase of one cent per barrel, which was allowed on tumblers and jellies. This was not satisfactory to the men, and yesterday morning they went to the management and demanded the increase on all goods, which the company refused to allow, and the packers quit work. The company has been paying six cents per barrel for all classes of goods. The strike among the packers and the inability of the other employees to get the output of the factory out of the way, caused the entire plant to shut down last evening indefinitely.

Mrs. M. V. E. Cabell has sold her property in Walnut Grove containing between four and five acres, to William Koehnline and Charles Rosser for \$6,500. Very soon that beautiful spot which has long been the admiration of citizens along the Ohio Valley for miles and which should have been bought by this city for a public park, will be torn away by steam shovels for the gravel and sand it contains.

Yesterday afternoon while at work at the Aetna-Standard, Walter Duff met with a very painful accident. He was engaged at filing a scraper when the latter slipped and badly cut the thumb on his right hand. The member was nearly cut off above the first joint. A physician was called and dressed the wound.

All the tin in stock at the Aetna-Standard is being rapidly shipped to other plants of the company located at New York and Savannah, Ga. Some of it is being shipped to the Laughlin plant. It is expected that everything will be cleared out of the old tin house by the last of the week.

The marriage of Miss Corena Coleman, of this city, to William Wassermeyer, of Wheeling, will take place to-morrow evening at 8 o'clock at the residence of the bride's parents. Mr. and Mrs. Pier Coleman, on Eighth street. They will make their home in Kirkwood.

The marriage of Miss Sadie Hildebrand to Charles Belleville will occur this evening at the home of the bride's parents on North Main street, at 8 o'clock. Both are well known young people of this city.

It was reported last evening that the Aetna-Standard would probably resume the first of next week, but nothing definite could be learned and little credence is given the report.

The senior class of the high school will be allowed a vacation this after-

noon and to-morrow afternoon to give them time to prepare their commencement orations.

Miller and Paul, who held the franchise for the electric railway, were ordered to place the bridges in condition as specified in said report, according to the terms of the franchise. The cost of the work is estimated at over \$15,000, and it is now up to the promoters of the proposed railway as to what they think of it.

Judge H. C. Hervey held a brief special term of circuit court on Saturday last. In Guernsey vs. Truman vs. H. G. Lascar, et al., defendants' demurrers were sustained and the bill dismissed. DO YOU GET UP WITH A LAME BACK?

Do You Realize the Danger You Are In?

Pain or dull ache in the back is unmistakable evidence of kidney trouble. It is nature's timely warning to show you that the track of health is not clear.

If these danger signals are unheeded, more serious results are sure to follow: Bright's Disease, which is the worst form of kidney trouble, may steal upon you.

The mild and extraordinary effect of the world famous kidney remedy, Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince anyone—and you may have a sample bottle for the asking.

Lame back is only one symptom of kidney trouble—one of many. Other symptoms showing that you need Swamp-Root, are obliged to pass water often during the day and to get up many times at night, smarting or irritation in passing, brick-dust or sediment in the urine, catarrh of the bladder, constant headache, dizziness, sleeplessness, nervousness, heart-beating, rheumatism, bloating, irritability, worn-out feeling, lack of ambition, loss of flesh or sallow complexion.

If your water when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or

settling or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.
